Mr T D Markall  
Assistant Headmaster

### Free School Meals and 16-19 Bursary

We are aware that in these difficult economic times a family's financial circumstances can change suddenly. You can apply for free school meals at any time, if you meet the eligibility criteria as set out by the Government.

For further details about free school meals, including how to apply, please contact Mrs S Davies, in the Main School Office.

If you are eligible, we urge you to apply. Not only will your child benefit from a healthy and nutritious meal every school day, but also eligibility may open up other areas of financial support for your child at school.

Also available to Sixth Form students is the 16-19 Bursary. This fund is available for payments to help with educational equipment, subject required trips, uniform and travel, where there is evidence of financial need. For further information, including how to apply, please contact Mrs C Jones, Assistant to the Head of Sixth Form.

All information for free school meals and the Bursary Fund are kept in confidential files.

Mr T D Markall  
Assistant Headmaster

### CALENDAR

- Thursday 11<sup>th</sup> May**  
Year 11 Sixth Form Assembly
- Friday 12<sup>th</sup> May**  
Barbados Cricket Tour Quiz Evening - 7.00pm for 7.30pm start

Bronze Year 9 DoE planning 3.30pm - 5.00pm
- Thurs 18<sup>th</sup> May**  
Year 8 Coasts trip to Lulworth Cove and Durdle Door
- Friday 19<sup>th</sup> May - Wednesday 24<sup>th</sup> May**  
Year 8 Exams week

### Word of the Week - Precedent/President

**Precedent:**  
= an earlier action or event that is regarded as an example  
= convention or custom arising from long practice

**President:**  
= the elected head of a republican state  
= a person who presides over a meeting

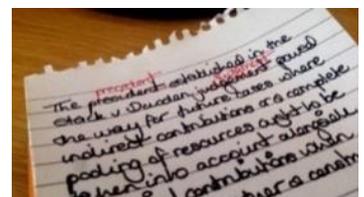

Do you **know** the difference?  
Can you **spell** them?  
Can you **use** them correctly in your work this week?

Use it:  
The **precedent** of the incoming **President** hosting a ball for the outgoing **President** is due to be changed.

Know the difference:  
The **President** **presides** (has authority over)

A **precedent** **precedes** (goes before)

Mrs L Leonardi  
Literacy

## Reporting Pupil Absences

**IMPORTANT**

Please can parents take note of the contact details below when reporting any absences from School, including late arrivals and medical appointments:

### Lower School Pupils

To report a Lower School absence please call the Attendance Office direct on 01225 485222, or you can email [attendance@beechencliff.org.uk](mailto:attendance@beechencliff.org.uk)

### Sixth Form Students

For Sixth Form students please contact Mrs Jones on 01225 485221.

**If the attendance lines are busy, do please leave a message on the answer machines.**

## Theme of the Week

Theme of the week this week is focusing on **Mental Health Awareness Week**. To mark the event the following three items may be of interest:-

**Advice for parents and carers supporting young people through exams** You will find attached to this week's newsletter information put together by the Public Health Team. The list of website and apps at the end are also useful for young people and include revision planning tips, relaxation exercises and advice when really stressed.

**Time to Change**. Many of you will be aware of this social movement which aims to tackle the stigma associated with mental health problems. The Time to Change website [www.time-to-change.org.uk](http://www.time-to-change.org.uk) provides a wealth of resources for schools and young people's settings as well as advice for employers. This year the 'Be in Your Mates Corner' campaign is aimed at young people, encouraging them to think about how their friends are feeling and how they can support them with simple acts of friendship. The free resources use images of boys and young men with the intention of tackling the stigma around mental health problems males can particularly feel.

**E-TEAM** Our Equalities Team have set up two regular weekly 'drop in' sessions for anyone that would like to either get involved in the E-Team, or wants an opportunity to meet new friends and talk about any issues they may have - Thursdays straight after school and Wednesday lunch time in Miss Netto's classroom in the Pavilion. There will also be a worry box by the tutor pigeon holes. The idea is to give the students the opportunity to voice any concerns that they have and these will get picked up by our school Nurse.

Mrs A Wilmot  
PSHE Co-ordinator

## Year 8 STEM visit to Tir y Cwm

Last week, 12 Year 8 pupils made their return to the School's cottage in Wales to practice skills associated with STEM (Science, Technology, Engineering and Mathematics) subjects. Almost all of the activities took place outside, which is fortunate as we were blessed with fantastic weather. Unlike the Year 7 induction trips, pupils were able to apply subject knowledge to problems that the teaching staff had planned.

Activities included calculating whether a tree will destroy the cottage, energy calculations at Henryd Falls, river flow calculations along the Nant Llech, building structures, gears

*Measuring the flow from our dams, and understanding pulleys (they built the structure too!)*

and pulley systems and the main activity building a dam to create hydroelectric power. Despite the low water levels one group managed to power a light bulb for over four minutes, and were confident with the right system in place they could power it indefinitely. Throughout the three days, pupils were constantly fed information that we defined as either "nice to know" or "need to know". This often led to discussions where the content was beyond the scope of even A-level maths.

As always this was a hugely successful trip and demand is always high for places on this trip. Any pupils in Year 7 should keep a keen eye out next year to secure a place on this fantastic educational visit.

*Trying to measure the height of the falls and Creating Hydro-electric power*

Thanks to Mrs Crumb for supporting and to Mr and Mrs Young for keeping the crew going throughout the three days.

Mr Glanville  
Maths /Head of Numeracy

## Diary of a Chinese Student

**Rain (HGS student);** 'Today is Wednesday. It's our visiting day. We went to Bristol Science Centre. It is really an interesting place. There are many models and machines in it. Firstly, we listened to a speech about science. The teacher showed us that why the power is different between the Earth and the space.

And he told us about gravity and friction. I played many games and learnt many things that we can't learn at school. I enjoyed it very much.'

**Joey (BHC student);** 'Today, we went to a site that is extremely vibrant and diverse, it's called Bristol. During the day, we went to a Science Centre which has many cool and interesting things inside. When we got into the museum, everyone was very curious and excited. My buddies couldn't wait to explore it and perceive the charming of science and technology. What impressed me most was the experiment in the planetarium. In the afternoon,

we visited the Bristol Harbour and we took a number of beautiful pictures. Finally, we went back after that. Everyone felt tired but delighted at that time. What a lovely day!

Fiona Harrison, Homestay Co-ordinator, Hayesfield  
Mr E Gill, Beechen Cliff School

## Tennis Programme - MAY 2017

BEECHEN CLIFF

### tt tennis Training Workshops

Tuesday 9<sup>th</sup>, 16<sup>th</sup> and 23<sup>rd</sup> May
