	Technology	9am-11am			Food & Nutrition	2– 3:45pm	
	Sports Science	9am-10.15am					

**Note:**

Pupils with extra time will take examinations in the main Examination Hall. Those with scribe, reader, laptop or any other special educational need will take their examinations in a small room. All pupils will be given a personalised timetable showing their examination rooms.

For pupils with a short gap between exams; or those who study two languages; or those who find a clash please visit Mrs Davison immediately upon receipt of your timetable to find a resolution. It may be preferable for boys to bring a packed lunch on days when time is short however food will still be available in school at break time and lunchtime.

Registration will take place at 8:25am as normal and boys should move swiftly to line up outside exam room ready to enter exam promptly at 8:45am.

The only exception to this is on Friday 16<sup>th</sup> November where all Year 11 pupils will be registered in their normal Science classroom prior to their Biology Exam.

For afternoon exams boys should be lined up ready at either 1:45pm or 12:45pm – please note varying start times.

At the end of afternoon exams boys will be dismissed from the Examination Hall.

If you have any queries or concerns please contact the Examinations Officer:
