

Connecting young people with
industry and inspiring STEM futures

Virtual Insight into University from the Engineering Development Trust is a comprehensive on-line course allowing students to experience STEM studies at university and the career opportunities that these subjects lead to. The course runs from 3 July - 25 August and consists of 30 hours at your own pace from modules you can pick. Industrial Cadets Silver Award on completion. Cost: £85. Applications close on 19 June, see: <https://www.etrust.org.uk/insight-into-university>

Virtual Routes into STEM course allows students aged 13+ (Yr 9 & 10) to recognise the variety of opportunities available to them after taking their GCSEs. Students will also choose from a range of exciting projects, developed by our University and Industry partners, to work on during the course. All you need is an interest in STEM and curiosity about the future and is open to all academic abilities

Approximately 20 hours of study virtually at a pace that suits you over 3 weeks taking place from Thursday 13th July – Tuesday 8th August 2023 with live sessions 24th - 28th July 2023. Bronze Silver Award on completion. Cost £70. See <https://www.etrust.org.uk/routes-into-stem-read-more>

LIVE NHS Healthcare Careers Virtual Work Experience

<https://alliedhealthmentor.org/nhs-healthcare-careers-virtual-work-experience/>

Take your first steps towards a healthcare career with the UK's only LIVE Virtual Work Experience Programme created and delivered by healthcare professionals. You can select from one day or a full 5 month work experience programme where you will follow patients from admission to discharge in the high fidelity simulation suite, designed to provide you with an immersive experience from the comfort and safety of home. Simply select the dates below and save £5 if you opt for the full 5 month work experience programme. Students will be awarded certificates for attending each day. No work experience day is the same (as in real life), but students will gain insight into a variety of healthcare settings.

What Is The Time Commitment?

Each virtual work experience day starts at 10am and finishes at 5pm with breaks throughout. These are valuable opportunities to ask questions and interact with healthcare professionals. Students can select from 5 dates over a 5 month period (1 day each month) and will receive certificates for each day that they have completed. This is a valuable opportunity that can be used for university and apprenticeship applications.

Who can Apply?

Any student from any school across the UK, in years' 10-12 can apply. Places are limited and we will allocate them on a first-come-first-served basis. In order to secure a place, students must book online and register below. If the programme has reached maximum capacity for a specific date, online registration will close.
