

BEECHEN CLIFF

8th June 23

Message from the Headteacher

Dear Parents and Carers,

It has been a busy first week back after the half term break and, in addition to enjoying the sunny weather, there have been a huge number of activities going on.

Year 11 and Upper Sixth students have completed another week of their exams and Year 9 pupils have also been undertaking their summer assessments.

I have once again been impressed with the approach taken to revision and exams and I hope all are feeling positive about how their exams have gone.

Yesterday we had a visit from author Finbar Hawkins who spoke to many of our Year 7 and 8 pupils. In addition, Year 10 pupils have enjoyed a gallery visit as part of their art course and have completed Geography fieldwork as part of this course.

Pupils are also rehearsing this week for a concert at Bath Abbey this Friday evening in aid of Dorothy House and our Year 9 pupils are undertaking their Bronze Duke of Edinburgh Award expedition this weekend.

There have also been numerous cricket and tennis fixtures this week

I have talked this week in assemblies about the importance of pupils making the most of their time at Beechen Cliff and the importance of embracing and living out our Core Values of aspiration, compassion, independence and respect. This should be through all aspects of school life and in the local community. I am really pleased that so many pupils are taking advantage of the opportunities available to them and taking pride in both themselves and the school.

ANIME – Advice for parents and Carers

Anime is currently one of the most popular form of entertainment in the world.

Please find over the page an information sheet ' What Parents and Carers need to know about ANIME'

Mr M Ambrose
Deputy Headteacher Pastoral

What Parents & Carers Need to Know about

ANIME

Anime, which originates from Japan, is currently one of the most popular sources of entertainment in the world. This style of animation goes back to the mid 20th century, with a broad audience ranging from children to adults. Known for its epic stories, anime often crosses over with video games and other avenues of pop culture via adaptations or spin-offs – such as *Cyberpunk: Edgerunners*, an anime web series based on the popular video game, *Cyberpunk 2077*. The most common intersect, however, is manga: a form of graphic novel from which most anime is adapted.

WHAT ARE THE RISKS?

INAPPROPRIATE CONTENT

Some people assume that anime is safe for children purely because it's animation. However, a large amount is actually geared towards adults, often featuring swearing, graphic violence and nudity. Many anime series follow dark storylines, such as *Cyberpunk: Edgerunners*, which has swiftly become known for its extreme gore, sexual content and disturbing depictions of mental health conditions.

COMMON CROSSOVERS

It's easy for children to get drawn into anime through its many crossovers into video games, such as *Fortnite* and *Call of Duty*, while anime art styles are often used for other products, due to its popularity. Titles like the RPG *Genshin Impact* may look quite cute and accessible, but its loot-box mechanics can introduce young players to behaviours that have much in common with gambling.

DECEPTIVE APPEARANCE

It's easy to mistake anime graphics for a sign of harmless, child-friendly content. This style (big eyes, colourful hair and cute voices), however, can disguise some extremely adult themes. *Yandere Simulator*, for example, strongly resembles a child's game at face value, thanks to its art style, but in reality it features incredibly dark themes such as murder, kidnapping and torture.

ROBLOX REPRODUCTIONS

There are hundreds of user-created Roblox games which take their inspiration from anime and manga. While many of these titles will be perfectly age appropriate, there are some that prefer to focus on the storylines of adult and horror anime. *Death Note*, for example (based on the manga and anime series of the same name) would probably be extremely disturbing for most younger players.

MATURE MANGA

The majority of anime is adapted from manga: a form of Japanese comic book. Manga usually features an age rating on the back cover, and it's worth bearing in mind that just because it's a comic, that doesn't mean it's suitable for youngsters. In fact, most popular manga leans heavily towards darker subject matter, which is unquestionably aimed at an adult audience.

ADULT THEMES

Hentai is a type of manga, anime and video game which revolves around characters engaging in explicit sexual encounters. While anime of this kind is usually only found on pornography sites, some gaming platforms – such as Steam – do allow the sale of these titles (referred to as 'H-Games' in the community) and even feature them on the front of their store page when sales are on.

Advice for Parents & Carers

DO YOUR RESEARCH

Despite all the problematic content, there's still a lot of anime out there which is completely child friendly. *Pokémon* and *One Piece* are all long-running anime shows which have family-friendly stories and content. Make sure you check for age ratings and content warnings on streaming platforms when deciding if a particular anime series is suitable for your child.

WATCH WITH YOUR CHILD

Anime covers a multitude of topics, so it's easy to find something that the whole family can enjoy. Anime shows typically involve action and adventure, superheroes, romance, comedy and much more. Watching this content alongside your child isn't only a way to spend quality time together – it will also help you to spot quite quickly if there's potential for any difficult topics to arise in the show.

IT'S NOT JUST TV

Anime is most often in the format of a TV series, but it is also presented as films. Studio Ghibli is often referred to as 'the Japanese Disney' due to the quality and number of films they produce. Most of their movies are fine for children, though they often feature more mature subject matter than western animation: *Grave of the Fireflies*, for instance, is set in Japan during the Second World War.

CHECK GAMES' FEATURES

Often, crossovers with video games simply involve using anime characters as 'skins' to modify the appearance of characters while playing (as in *Fortnite*, for example). If your child's interested in an anime-inspired game that you're unfamiliar with, however, look online at the game's features and for any content warnings to gain a clearer idea of what your child might be exposed to.

LIBRARY NEWS

PLEASE CHECK FOR OVERDUE BOOKS!

Due to exams, the library has temporarily relocated to the Recital Room. Books can still be returned and reserved from the recital room at break and lunchtime.

HOMework CLUB WILL TAKE PLACE IN C3.

Author Visit: Beechen Welcomes Finbar Hawkins

This Wednesday we had a visit from local author Finbar Hawkins. Finbar presented an assembly to a group of Y7 and Y8 pupils. Finbar talked about his career as a writer, explaining that his novels, *Witch* and *Stone* are just part of what he writes. He also works for Aardman (Wallace and Grommit) and has written content for computer games as well as TV scripts. Finbar asked the boys to come up with some ideas for their own stories and boy, did they have big imaginations! Finbar shared lots of tips for writing stories and answered the interesting and intelligent questions from

the audience. He was very impressed with their engagement with the presentation and said he's never sold so many books at an event. In fact, we had a queue out of the recital room door of pupils who wanted to have their books signed and a chance to chat to Finbar.

Signed Books

If your son would like a copy of one of Finbar's books, they can be ordered via ParentPay. **The deadline for orders will be 12 noon, this Friday 9th June** and the books will be delivered next week, with signed bookplates.

Find more about Finbar and his work on his Website <http://finbarhawkins.com/witch/stone>

Duke of Edinburgh

Congratulations to everyone who has taken part in Duke of Edinburgh practice expeditions in recent weeks. It has been fabulous to witness the pupils' hard work paying off and their confidence growing.

Year 9 Bronze Duke of Edinburgh Qualifying Expedition on the Mendips takes place this week (9th and 10th June).

Be Tick aware

At this stage of the year through various outdoor activities many students will be in areas where they could pick up ticks. These insects are in great abundance this year. They are parasitic and take blood from their host. They are normally easy to remove with a tick remover and are quite common. However they can carry Lyme disease, which if untreated is extremely debilitating. The incidence of this disease is on the rise so here is some advice on what to look out for. Further details are available from this website:

Tick removal tips www.michigan.gov/lyme

- Remove as quickly as possible.
- Use tweezers to grasp the head close to the skin.
- Pull gently.
- Use soap and water, or antiseptic on the bite.

...preventing tick bites

- Use a repellent containing no more than 30 percent DEET.
- Use repellents that contain permethrin on clothing.
- See your healthcare provider if you have symptoms of fever, rash, body aches or fatigue after a tick bite.

Michigan Department of Health & Human Services

The rash is very distinctive and looks like a target or dart board. Please consult your doctor if you see this.

If you remove a tick please keep an eye on the area and any of the symptoms below.

General Early Lyme disease Symptoms and Signs may include: Erythema Migrans (EM rash), the Bull's Eye rash (a subset of EM rash), or no rash. The EM rash may appear on other places on your body than the bite site (Disseminated disease). It may begin as a single circular red mark that spreads outwards. As it disseminates over the skin, sometimes it becomes lighter in the area nearer to the center of the bite--this central clearing is what distinguishes a Bull's eye rash from other EM rashes. In people of color, the rash may appear more like a bruise. The rash is usually not itchy. Since Lyme disease is a multi-systemic illness there are a multitude of Lyme disease symptoms including:

- Flu-like illness
- Fever
- History of Tick Bite (Not all patients recall a bite)
- Headache
- Extreme Fatigue
- EM Rash, Other Rashes (Only found in 50% of patients)
- Malar Flush, Red Ear Lobes
- TMJ/TMJJD Jaw Pain (Temporomandibular joint dysfunction)
- Neck and Back Pain

Maths Problem of the Week

Smarter than a teenager? Here are three maths quiz questions for your perusal! Just for fun.

Q 1 - Years 7 and 8

Tommy Thomas's tankard holds 480ml when it is one quarter empty. How much does it hold when it is one quarter full?

Q2 - Years 9, 10 and 11

The perimeters of the three shapes shown are made up of straight lines and semi-circular arcs of diameter 2. They will fit snugly together as in a jigsaw.

What is the difference between the total perimeter of the three separate pieces and the perimeter of the shape formed when the three pieces fit together?

Q 3 - Sixth Form

The first two scales shown are perfectly balanced. How many squares will be needed on the right of the third scales so that the scales balance?

Answers on the next page.

Maths Quiz ANSWERS

Q1 **160 ml**

The 480 ml in Tommy's tankard represents three quarters of its capacity. So, one quarter of the capacity must be $480 \text{ ml} \div 3 = 160 \text{ ml}$.

Q2 **$8 + 4\pi$**

The difference in perimeters is the total length of the edges which are hidden when the pieces are fitted together. These are eight straight edges of length 1 and four semicircular arcs of radius 1.

So the required difference is $8 \times 1 + 4\left(\frac{1}{2} \times 2 \times \pi \times 1\right) = 8 + 4\pi$.

Q3 **10 squares**

Let the weights of squares, triangles and circles be s , t , c respectively. Then $c + 3t = 6s$; and $4c + 2t = 8s$, so $2c + t = 4s$. Hence $(c + 3t) + (2c + t) = 10s$.

Happy Pride Month!

Pride has a long history, rooted in the **political activism** of LGBT+ communities around the world.

Through the 1950s & 60s, LGBT+ people faced **legal discrimination** and were sometimes **raided** by police in their community spaces.

- June is Pride month, a month dedicated to celebrating the LGBT+ communities around the world.
- Pride is usually celebrated with parades and marches, and sometimes when people use the term 'Pride', they are referring to one of these events

In 1969, **The Stonewall Inn**, a bar in New York, had been repeatedly **targeted for raids** by police as it was known to be a meeting place for **trans women and other LGBT+ people of colour**.

On the night of June 28th 1969, police raided the bar again. However, that night the people at the Stonewall Inn decided to **stand up to the police** which sparked **days of protests by LGBT+ activists** across the city.

As rights and freedoms for LGBT+ people have improved over time, **Pride has increasingly become about celebrating the LGBT+ community**, their lives and their achievements.

Alongside this, Pride is also a key time for **local LGBT+ communities and organisations to come together** and push for further change to **improve the lives of LGBT+ people in the UK**
