

BEECHEN CLIFF

13th July 23

Message from the Headteacher

Dear Parents and Carers,

Last weekend 90 pupils from Beechen Cliff and some guests from Hayesfield took part in our annual Centurion Challenge. I am in awe of everyone who puts themselves forward for this tough endurance challenge and incredibly grateful to the staff team and many parents who gave up their entire weekend to make this amazing event take place. Congratulations to all who took part in the event including our 33 centurions who completed the 100 miles within the 48 hours.

The first four to complete the event Dan E, Jonty G, Finlay M and Will M did so in record time too - running the last 24 miles in 3 ½ hours; an incredible achievement .

Yesterday evening we were delighted to welcome Bath rugby players to the school to run a training session and answer questions as part of a fundraising event. It was great, in particular, to welcome back old boys of the school Ethan, Orlando, Miles and Tom. Over 100 pupils took part in the session and we have raised over £2000 towards replacing digital screens at school.

I am really grateful to the Bath players and Beechen Cliff community for their support in this exciting fundraising event.

Follow us on twitter - [@beechencliff](https://twitter.com/beechencliff) and Insta - beechencliff1

In other news this week our Sixth Form students raised over £120 yesterday for the Ukraine appeal through their bake sale with lots of delicious cakes baked and sold.

Thank you to everyone who supported with this student led event.

Also, our musicians have been enjoying their trip to Barcelona along with students from Hayesfield. They have performed in three concerts including in Malgrat de Mar yesterday evening and enjoyed visits to local sites and a water park!

Today we have had sports day...

Next week we move into the last week of this academic year. Most Year 10 pupils and Lower Sixth students will be completing work experience and others will be undertaking structured activities in school.

Pupils in Years 7-9 are completing their activities week with a variety of trips. The overview of the programme for the week can be found [here](#). Individual details have been shared with pupils by their tutors and letters have been sent to parents with the arrangements for trips.

Wishing you a good weekend.

Term Dates Reminder

Term Dates for **2023/2024** are listed on our website <https://www.beechencliff.org.uk/parents/term-dates/>

Essential Support to Learning

Is your Son ready to Learn?

We ask that all parents ensure the following is in place each day for their child:

- ✓ A healthy and substantial breakfast.
- ✓ A filled water bottle
- ✓ A full pencil case which includes the minimum of: a black/black pen, a purple pen, a pencil, a rubber, ruler, a protractor, a highlighter and a calculator
- ✓ A reading book

Work Experience

Good Luck for Year 10 and 12 pupils on Work Experience next week!

Dear Parent/Carer

As the majority of work experience placements are taking place next week, I wanted to thank you very much for the support with this and wanted just to let you know a couple of "housekeeping" points.

If your child is ill/going to be absent from their placement please can you let the company and the school know.

Your child has been given a Barclays Life Skills Log book to complete. The log books have useful information in them about how to identify their skills, personal values, using social media at work and health & safety responsibilities.

They also have a diary page they need to complete every day, plus they need to ask their employer to fill in a section (I have written to the employers so they know about this) and also a section for you to complete please.

The pupils will be discussing their work experience and using the Log book in Tutor time at the beginning of next academic year so they need to remember to bring it in with them! We will be having a celebration of their efforts and handing out certificates.

Thank you again and enjoy the summer.

with kind regards

Emma Pascoe

Extra– Curricular

Activities Week

The final week of Term 6 sees pupils and students take part in Activities Week. The aim of our Activities Week is to provide additional opportunities and experiences for pupils that have not been possible at other points during the academic year.

This includes opportunities for team building activities, competitions, skill development, character development, cultural experience and fun.

During the week the regular timetable will be suspended and a variety of activities and trips will take place. The school day will run from 8.25am until 3.15pm each day as normal, with the exception of trips where timings may be different.

Further information on what has been offered to different year groups can be found here:

https://docs.google.com/document/d/1KK2_iLh8TTc28mCEEnZLUhijWh409i0QV_ihJbRdtYc/edit

Pupils have been provided with their bespoke timetables for Activities Week.

The Centurion Challenge 2023 is now over and it was another astonishing record-breaking year. Over 100 Challengers entered with 77 actually on the start line at 4:00 pm on Friday. The weather was excellent for the Friday evening leg and the sprint start gave an indication of how committed our challengers are and the speed they were likely to travel at. All but 3 challengers made it to the campsite to feast on Domino's Pizza before retiring as the sun faded.

The next morning they were woken at 5:00 am, breakfasted, had any blisters tended to and prepared for the longest leg: 55 miles to the church of St. Lawrence and back. The early morning mist gave way to overcast sky and intermittent showers. However, our challengers continued with a few losses on the way, being encouraged at every checkpoint by our dedicated centurion marshals.

At Hungerford, the 50 mile mark the centurion team awaited the arrival of the centurion horde. Whilst the temperature was ideal, the showers and leg and foot injuries began to take their toll. The number of challengers remaining diminish over the return leg to the campsite as some struggle with injuries and pain. 37 gallant challenges finally made it back. Some were stopped at the Horton Bridge and Devizes Rugby Club check points as the evening light faded but were allowed to restart there the following morning so that they could complete the full challenge. Only 33 restarted on the Sunday morning, with all but a very few requiring medical attention for blisters collected on the way.

The sun did shine on the Sunday and it was to be a record-breaking day. The first 3 challengers back arrived shortly after 9:16 am, with Dan E the first breaking the record for the return leg by almost 45 minutes, Jonty G, and Finlay M were not far behind. After a gap of almost an hour our previous record holding multiple Centurion William M followed. These three will be immortalised on the Centurion Challengers roll of honour!

The surviving challengers then followed with the last challenger Poppy Feasey (Year 9 Hayesfield at 3:58), the only year 9 to finish. The challenge was now officially over. We congratulate all those who took up the challenge and welcome our new Centurions to the elite group of endurance athletes who have completed this the 59th Centurion Challenge.

Many Thanks as ever go out to all those who have assisted in the running of the challenge; my sleep deprived fellow colleagues, parents and the many other support staff.

Sponsorship should now be paid, into the school either via ParentPay or directly to your chosen charity. This year we will again donate monies to Boys in Mind and Dorothy House, Macmillan Cancer Support, the Canals and River Trust and St Lawrence Church, but there are several other charities indicated by our Centurions on their entry forms and we will organise donations to these as well.

Art, maths and geometry

Year 7 pupils who did not go on the recent French Trip had an enjoyable and productive Art/Maths/Geometry session.

The objectives were to draw curves using a ruler, and we achieved exceptional artistic results. Well done boys, very creative!

MNSP Junior Maths Team Challenge

Congratulations go to Tiger T (Yr 8), Harry T (Yr 8), Paddy B (Yr 7), and Nicholas Q-T (Yr 7) who represented the school at the MNSP Junior Maths Team Challenge on Monday 3rd July.

These able mathematicians, representing Shakespeare House, won the inter-tutor heats earlier this term. Subsequently, they went forward to compete against seven other teams from the multi academy trust.

Going into the last round Beechen were in first place but were edged out into third place by the home team Norton Hill and Hayesfield who came second.

Thank you to Mr Wall who drove the minibus and supervised the team at the event.

Maths Quiz - July 2023

Smarter than a teenager? Here are three maths quiz questions or your perusal! Just for fun. *Answers on the next page.*

Question 1

Years 7 and 8

What is the value of x ?

- A 25 B 35 C 40 D 65 E 155

Question 2

Years 9,10 and 11

Jane has 20 identical cards in the shape of an isosceles right-angled triangle. She uses the cards to make the five shapes below. Which of the shapes has the shortest perimeter?

Question 3

Sixth Form

What is the value of the expression: $(1 + \frac{1}{2})(1 + \frac{1}{3})(1 + \frac{1}{4}) \dots (1 + \frac{1}{2004})(1 + \frac{1}{2005})$?

- A 1001 B 1002 C 1003 D 1004 E 1005

Justin Henly

Maths

Maths Quiz – Answers

Question 1 - C

Triangle BCD is isosceles, so $\angle BCD = \angle BDC = 65^\circ$.

The sum of the interior angles of a triangle is 180° so $\angle CBD = (180 - 2 \times 65)^\circ = 50^\circ$.

Therefore $\angle ABE = 50^\circ$ (vertically opposite angles). So $\angle AEB = (180 - 90 - 50)^\circ = 40^\circ$.

Question 2 - A

Let the length of the shorter sides of the cards be 1 unit. Then, by Pythagoras' Theorem, the length of the hypotenuse of each card is $\sqrt{1^2 + 1^2} = \sqrt{2}$.

So the lengths of the perimeters of the five figures in order are: $4\sqrt{2}$; $4 + 2\sqrt{2}$; $4 + 2\sqrt{2}$; 6; $4 + 2\sqrt{2}$. Also, as $(\frac{3}{2})^2 = \frac{9}{4} = 2\frac{1}{4} > 2$ we see that $\frac{3}{2} > \sqrt{2}$. Therefore, $4\sqrt{2} < 6 < 4 + 2\sqrt{2}$. So figure A has the shortest perimeter.

Question 3 – C

The product is $\frac{3}{2} \times \frac{4}{3} \times \frac{5}{4} \times \frac{6}{5} \times \dots \times \frac{2005}{2004} \times \frac{2006}{2005} = \frac{2006}{2} = 1003$.

Coaching skills for Parents Course

Have you had a conversation with your son or daughter that you would have liked to have ended differently?

Having a coaching approach can open up a conversation and elicit a response which will give insights. It promotes self reflection and self awareness. A coaching style allows you to support decision making as your young person becomes increasingly independent and heads towards adulthood.

Do I need a whistle and trainers?

No, this is not sports coaching. Our focus will be on listening skills and asking effective questions which promote exploration of a topic and clarity of mind to allow for decision making.

Is this a parenting course by another name?

No. Coaching is used in many sectors including business, education and self improvement. The ethos of coaching is that the person doing the thinking is robust enough to make progress and that the coach will listen and ask questions in order to support that thinking. This is not a parenting course but it can ease family life and allow for better conversations with your offspring.

Course details

- * This is a 9 hour course delivered in two sessions. 9.00am - 1.30 pm.
- * It will take place in person, in Bath.
- * There is a maximum of 24 places available on each course.
- * There are three courses available this summer each taking place on two consecutive Saturday mornings.
- * The price is £95 for the 9 hours of training plus a one to one coaching session to be booked following the completion of the course.

Course dates

Summer 2023 Course 1: 29th July and 5th August

Summer 2023 Course 2: 12th August and 19th August

Summer 2023 Course 3: 26th August and 2nd September

Who is running the course?

Deborah Ross has been delivering coaching training to teachers for the past 5 years. She soon realised that the techniques and tools gained on this course were also hugely beneficial to parents and therefore developed a course with a parent focus. She is a licence holder for facilitation of the coaching courses for Graydin - a coaching training provider accredited by the International Coaching Federation. Deborah is also a trained coach and has coached people in a variety of roles including leaders in education, Mums, mid life career changers and her own teenagers. Deborah has worked in the education sector for over 20 years and has therefore come across a variety of children and young people, all unique and all capable of a fruitful conversation given the right environment.

Our Individual Performance course offers personalised training sessions for all skill levels. Each session is tailored to the individual's specific goals and needs, whether they are looking to improve their technical skills or physical conditioning. From beginners starting out on their footballing path, to players who want to improve specific aspects of their game taking their performances to the next level.

GROUP SESSIONS GROUPS OF 4, 6 OR 8

Our small group sessions are fantastic for players who prefer to train with friends & team mates. Training with other players brings intensity and competition creating a match environment.
