

A Level Examination Success

Beechen Cliff students have celebrated a strong set of A Level results this summer.

At A Level 28% of grades achieved were A*/A grades and 76% of grades were at A*- C, above the national average for England this year.

Students studying the vocational courses also achieved great results with an average grade of a Distinction.

Over 160 students are now going to take up places at university with two thirds achieving their first choice and 79% their first or second choice. Of these, three students are off to Oxbridge or to study medicine. Other students are moving onto apprenticeships, college, employment or a gap year.

Headteacher Tim Markall said “we are really proud of our students’ achievements. We shouldn’t forget this is the first time these students have taken formal external exams, due to the pandemic, and they have demonstrated huge commitment and dedication and thoroughly deserve their success. We now wish them all the best for their next steps in education, training or employment.

I would also like to thank our teachers who have worked incredibly hard to support our students through their Level 3 courses, and to help them prepare for exams. Their commitment has been incredible and I know they are delighted to see our students achieve this success too.”
