Purpose of the policy

This document is provided as an exams-specific supplement to the *school's disability/accessibility policy/plan* which details how the centre will

“recognise its duties towards disabled candidates as defined under the terms of the Equality Act 2010†. This must include a duty to explore and provide access to suitable courses, submit applications for reasonable adjustments and make reasonable adjustments to the service the centre provides to disabled candidates...

for any legislation in a relevant jurisdiction other than England and Wales which has an equivalent purpose and effect”

[Quote taken directly from section 5.4 (c) of the JCQ publication General regulations for approved centres (GR) 2019/20

This policy details how Beechen Cliff School facilitates access to exams and assessments for disabled candidates, as defined under the terms of the Equality Act 2010, by outlining staff roles and responsibilities in relation to

- ▶ identifying the need for appropriate arrangements, reasonable adjustments and/or adaptations (referred to in this policy as ‘access arrangements’)
- ▶ requesting access arrangements
- ▶ implementing access arrangements and the conduct of exams
- ▶ good practice in relation to the Equality Act 2010

Definitions of terms included in the policy

- **The Equality Act 2010 definition of disability**

Section 6 of the Equality Act 2010 defines **disability** as a ‘physical or mental impairment which has a substantial and long term adverse effect on someone’s ability to carry out normal day to day activities’.

- **Special Educational Needs**

A candidate has ‘special educational needs’ as defined in the SEND code of practice: 0-25 years.

Children have special educational needs if they have a learning difficulty or disability which calls for special educational provision to be made for them.

The Equality Act 2010 definition of disability includes substantial and long-term sensory impairments such as those affecting sight or hearing, mental health difficulties and long term health conditions such as asthma, diabetes, epilepsy and cancer. Children and young people with such conditions do not necessarily have SEN, but there is a significant overlap between disabled children and young people and those with SEN.

- **Long Term**

Means the impairment has existed for at least 12 months, or is likely to do so.

Requesting access arrangements

Referral Procedure for Exam Access Assessment

Candidates who have EAA at KS2 are added to the school's internal EAA spreadsheet and given these arrangements for assessments in school. They are then screened for formal EAA at KS3 and KS4. Although they may have received EAA at KS2, it does not necessarily mean that they automatically receive it at KS3 or KS4 because their needs may have changed. For example, a candidate who had Extra Time for KS2 may not qualify for this at KS4 because their speed of working has improved to the extent it does not meet the exam board criteria of a standardised score of 84 or below. Formal assessments for Exam Access Arrangements take place in Year 9, during the Autumn term or when a student first commences our school, if this is after the start of Year 9.

All students in Year 7, 8 and 9 who have a reading age below their actual age are assessed using the NGRT Reading Test and/or the Access Reading Test at least twice annually. These tests can help identify learning difficulties. The Learning Support Team will contact parents where this is the case, complete further testing, and if necessary put an appropriate intervention into place for them to access exam access arrangements as needed. This evidence will form the basis for Section A of the Form 8 required to seek formal access arrangements.

Parents can contact the school to ask for advice about EAA testing if they have concerns with the progress and learning of their child regardless of which year group they are in. Once contact has been made, the Exams Officer and Learning Support Team will investigate their concerns through feedback from the student's teachers to gain information. Following this, a decision will be made as to whether it is appropriate to test a student.

As with Parent Referrals, teachers can refer a candidate to Learning Support where they have concerns about the learning and progress of a candidate in their class. All of the candidate's current teachers will be asked to give feedback to gain information, and following this, a decision will be made as to whether to test a candidate for EAA. The Exams Officer and Learning Support Team will then contact the parents if it is appropriate to test the student. Teacher evidence is required to "firmly establish a picture of need" according to JCQ Regulations for Access Arrangements, updated May 2023. This will form part of the pack of evidence alongside the Form 8.

Candidates who are on the SEND register are automatically assessed at the end of Year 9 or start of Year 10, ready to implement/ process any Exams Access Application during Year 10. Evidence of a normal way of working is gathered during formal assessments during year 10 and the autumn term of year 11. Staff are reminded to use formal assessments in Year 9 and 10 as a means of identifying any further pupils who may require testing. All students are tested by 1st February in the same year for which they will sit public examinations. Students who join mid-year with prior Exam Access history will be asked to provide evidence of this from their previous schools. We build our evidence to prove the normal way of working in our school over the academic year in order to either formally test or seek approval with historical data.

A Testing Window in February is used for new students or those identified later than year 9.

Roles and responsibilities

- ▶ SENDCo keeps accurate records of learner's needs over time and, with support from class teachers and, on occasion parents, identifies those who may require access arrangements
- ▶ Determines which access arrangements are needed through use of psychometric tests and/or advice from suitably qualified professions such as a CAMHs psychiatrist or paediatrician.

Facilitating access - examples

The following information confirms the centre's good practice in relation to the Equality Act 2010 and the conduct of examinations.

On a candidate by candidate basis, consideration is given to

- ▶ adapting assessment arrangements
- ▶ adapting assessment materials
- ▶ the provision of specialist equipment or adaptation of standard equipment
- ▶ adaptation of the physical environment for access purposes

The table provides example arrangements, adjustments and adaptations that are considered to meet the need(s) of a candidate and the actions considered/taken by the centre for the purposes of facilitating access.

Private Educational Psychologist Reports

Whilst a privately commissioned assessment carried out without prior consultation with the SENDCo at Beechen Cliff School and without the assessor having obtained Form 8 Part 1 before the assessment cannot be used as evidence for access arrangements and cannot be used to process an application through Access Arrangements Online, such a report may contain useful information for the the assessors in the school.

Therefore, the JCQ recommends that SENDCos and assessors working within the centre should always carefully consider any privately commissioned assessment to see whether the process of gathering a picture of need, demonstrating normal way of working within the centre and ultimately assessing the candidate themselves should be instigated (JCQ p78). At Beechen Cliff School, it is our practice to use any privately commissioned assessments to inform our own evidence gathering and our own assessments.

Candidates with ADHD/ASD or mental health conditions or physical disabilities or sensory impairment

Standardised scores are NOT required for Extra Time or Scribe approval in these cases therefore formal testing does not take place, nor is a Form 8. Note: as with all cases SENDCO must explore and trial rest breaks first.

The evidence required for the JCQ Inspector is as follows:

- Form 9 to confirm normal way of working and evidence from class teachers as to the adverse effect shown if the arrangement is NOT in place
- Letter to confirm the formal diagnosis from CAHMS or Psychiatrist or Psychologist
- OR Letter from registered specialist (Hospital Consultant or Pediatrician)
- OR Letter from Speech and Language Therapist or Occupational Health or Sensory team

- OR EHCP

nb The letter from the specialist does NOT need to recommend any particular Reasonable Adjustment or Exam Access Arrangement but must confirm the condition/diagnosis.

Candidates with EHCP

Education, Health and Care Plans, Statements of special educational needs or Individual Development Plans

Where a candidate has a current Education, Health and Care Plan (England), a current Statement of special educational needs (Northern Ireland) or a current Individual Development Plan (Wales), the SENCo must substantiate the documentation with a picture of need. This must be completed using Form 9. (Form 8 is not required and must not be used.)

Alternative Rooming Arrangements

In the case of alternative rooming arrangements, the candidate's disability is established within the centre (see Chapter 4, paragraph 4.1.4). It is known to a Form Tutor, a Head of Year, the SENCo or a senior member of staff with pastoral responsibilities. For example, a long-term medical condition which has a substantial and adverse effect.

Alternative rooming arrangements must reflect the candidate's normal and current way of working in internal school tests and mock examinations.

Nervousness, low level anxiety or being worried about examinations is not sufficient grounds for separate invigilation within the centre.

Supervised Rest Breaks

The SENCo is allowed to provide a supervised rest break to a candidate where it is his/her normal way of working within the centre. The SENCo must be satisfied that:

- the candidate has an impairment which has a substantial and long-term adverse effect, giving rise to persistent and significant difficulties (the candidate is disabled within the meaning of the Equality Act); and
- there is a genuine need for the arrangement. Supervised rest breaks will be awarded on account of:
 - cognition and learning needs;
 - communication and interaction needs;

- a medical condition;
- sensory and physical needs;
- social, emotional and mental health needs.

In addition, the candidate's difficulties must be established within the centre and known to a Form Tutor, a Head of Year, the SENCo and/or a senior member of staff with pastoral responsibilities.

The timing of the examination should be paused and restarted when the candidate is ready to continue. During the supervised rest break the candidate must not have access to the question paper/answer booklet. The purpose of a supervised rest break is for a break from the examination and should not be used as 'thinking time'. If the candidate needs to leave the examination room, an invigilator must accompany the candidate.

Rest breaks can be taken for up to 15 minutes with breaks totalling more than 4 in a single exam session. Longer breaks are permitted for medical needs.

Sixth Form Students

Where a candidate progresses from GCSE to GCE qualifications

When a candidate progresses from GCSE to GCE AS and/or A-level qualifications a new online application for 25% extra time must be processed. An assessment conducted no earlier than the start of Year 9 (Part 2 of Form 8) recommending 25% extra time for GCSE examinations will be valid for GCE AS and A-level examinations. A fully completed Form 8 (Parts 1, 2 and 3), signed and dated, may roll forward from GCSE to GCE qualifications where the candidate meets the current published criteria for 25% extra time, i.e. the 2023/24 JCQ regulations. No further assessment is required.

However, so as not to give an unfair advantage, the SENCo or the assessor working with the centre must have available evidence, which clearly shows that 25% extra time is **still needed** for GCE AS and/or A-level examinations. (This updated centre-based evidence must be completed using Form 8RF and must specifically relate to GCE AS and/or A-level examinations).

The SENCo must:

- confirm that 25% extra time continues to be the candidate's normal way of working within the centre as a direct consequence of their disability within the meaning of the Equality Act 2010;
- provide evidence from teaching staff that the candidate has persistent and significant difficulties, and how these substantially impact on teaching and learning.

The rolling forward of a Form 8 from GCSE to GCE AS and/or A-level qualifications can apply where the candidate remains within the same centre or moves to a different centre. Where the candidate changes centre, the original or a PDF of a fully completed Form 8, together with evidence of the assessor's qualification, must be provided. There is an expectation that SENCos will provide this evidence to assist their counterparts in FE colleges. The SENCo, or an equivalent member of staff within a FE college, must ensure that 25% extra time remains appropriate, practicable and reasonable.

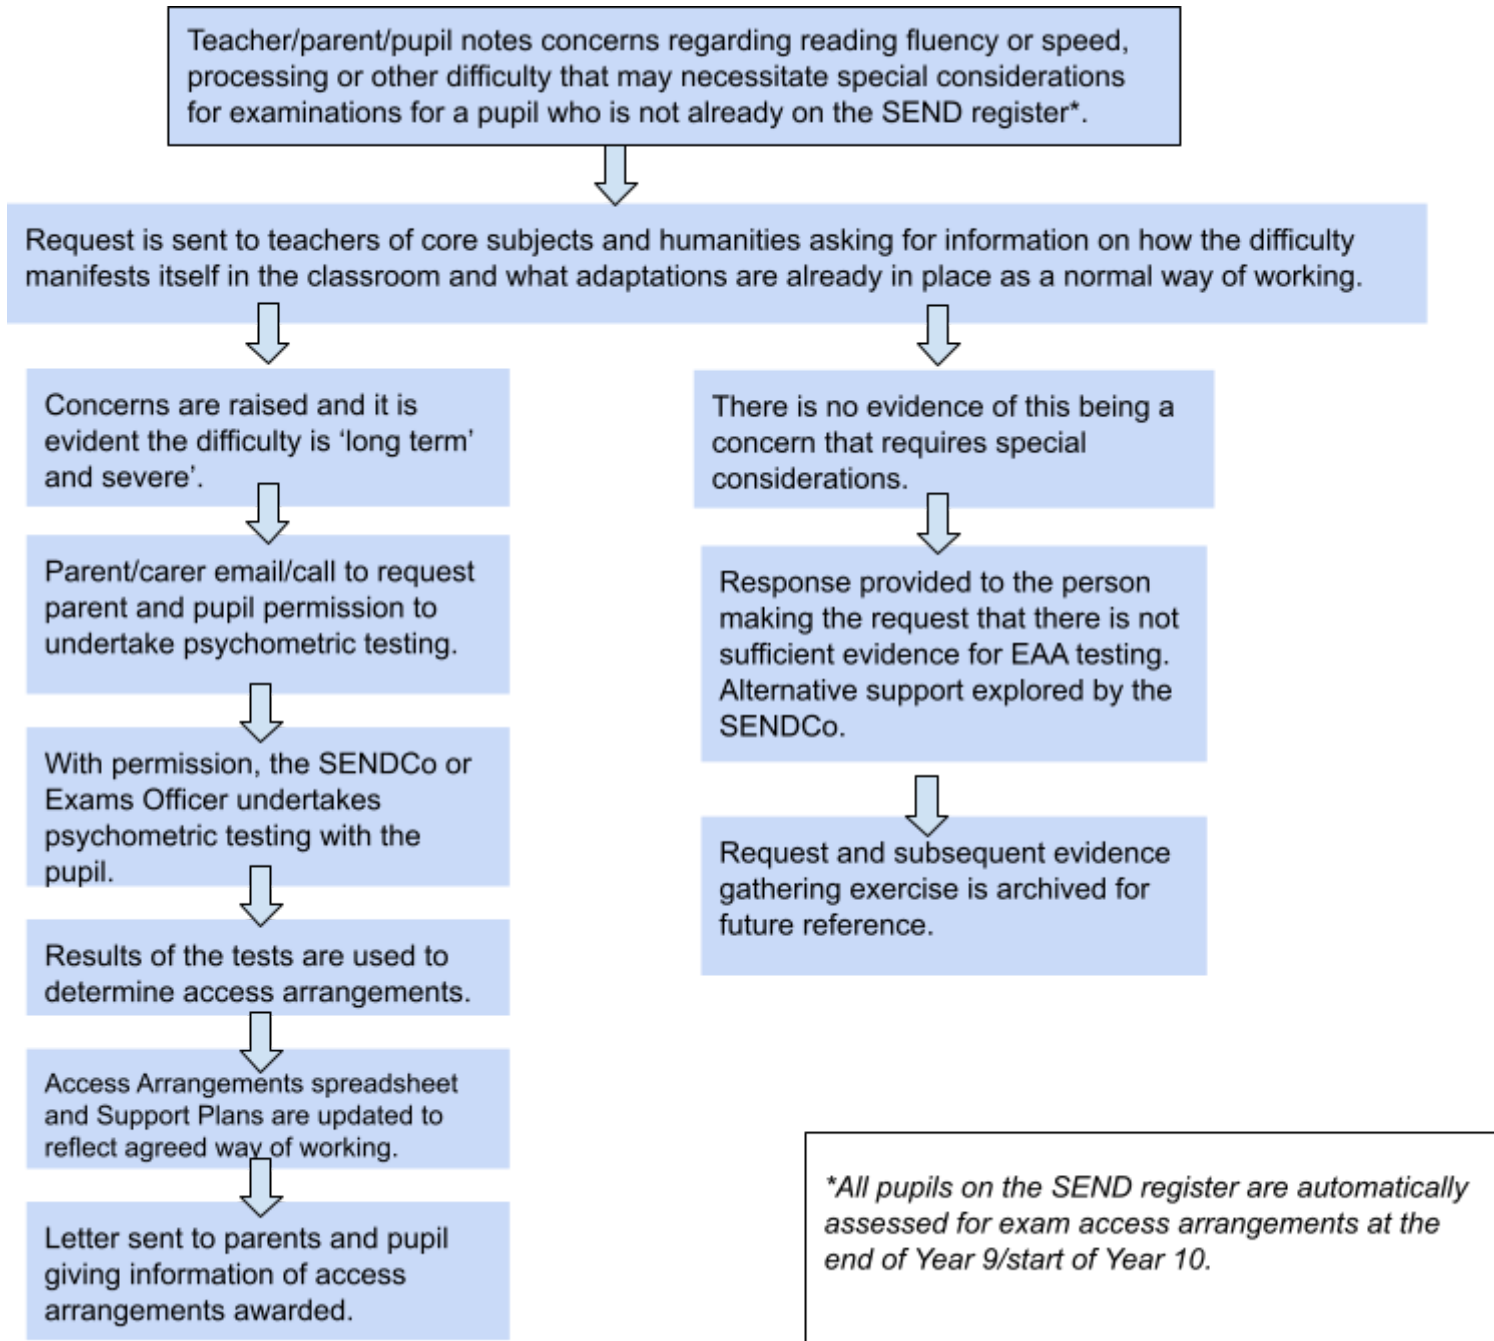

The Form 8 must be checked to ensure that all parts of the form have been completed and that it has been signed and dated. The SENCo must check that the candidate meets the current published criteria or 25% extra time, i.e. the 2023/24 JCQ regulations, before a new online application for 25% extra time is processed.

New students in Lower Sixth will be assessed formally and historical evidence to prove “history of need” will be gathered from either parents (medical info) or from their prior secondary school. We require by law to gather their Form 8, test evidence and the qualification of the previous assessor for our files.

A flow chart explaining the assessment procedure can be found in the appendix of this policy; with detail of our Testing Windows.
