KS3&4 Tutor Time Provision Map 2024-25

***Whilst students are reading, tutors should be doing the following:**

- Checking student planners to ensure students are recording what they are reading each week, and books they have finished in their book log at the back. Engage students in conversations about their reading. How did they find this book? Have they done their AR quiz on it yet?
- Reading with students who have low reading ages (check your tutor grade book on PARS). Get them to read to you.
- Read your own book or article to model reading to your tutor group
